A breath of fresh air on a cleaner aircraft

EXPERIENCE THE FRESHORIZE ADVANTAGE

Determined to positively impact the airline industry, Freshorize provides products that continue to evolve with changes in the industry. As a leading supplier of air fresheners, hand soaps, lotions, sanitizers, wipes and multi-surface cleaners, we strive to provide the best quality products to meet your needs.

Our strength lies in our customization capabilities from fragrance branding to bottle design.

Let us help you create lasting impressions on your passengers!

OUR MISSION

We bring ease and relaxation to the airline industry with our innovative products, including air fresheners, hand soaps, lotions and cleaners.

OUR VISION

A breath of fresh air on a cleaner aircraft.

OUR PROMISE

To be a team that creates innovative solutions, works with integrity, and inspires those around them to grow and excel.

& CUSTOMIZATION DESIGN

When working with Freshorize you can expect our talented team's full attention throughout the process of product customization and design.

Our streamlined process begins with us learning about your brand's goals and what impact you would like your products to have on your passengers. Our team then designs a product and its elements exactly to your aircraft's specifications and brand's vision.

We also specialize in Fragrance Branding. We can create a custom fragrance for your brand's use. Custom or branded fragrances can be used in our products to evoke various emotions from your passengers: calm, relaxed, energized, invigorated, etc.

At Freshorize we offer more than just your basic products. We offer products that are tailored to your design needs and utilize fragrances that reflect and embody your brand.

FRAGRANCE BRANDING

The senses alert the human body to more than just their surrounding environment. They can also influence emotions and a person's state of mind. One of the most influential senses is smell.

Smell allows a person's emotions or feelings to be shifted from anxious to calm, sleepy to alert, or restless to relaxed. The use of specific fragrances allow the body to experience different attitudes with just a sniff. Our fragrance team is here to help you customize a branded fragrance to provide your passengers with any experience you desire. This custom fragrance will be available only to your brand.

OUR SIGNATURE FRAGRANCES

We have developed a range of eight timeless fragrances to create lasting impressions for your passengers. Just like custom fragrances, our signature fragrances can be used to evoke specific emotions. You have the option of selecting any of these fragrances for use in any of our product lines.

OUR COMMITMENT TO SUSTAINABILITY

Freshorize is sensitive to the environmental impact of the products we sell. We continue to seek out ways to provide environmentally friendly, recyclable and sustainable options.

IMPROVEMENTS

When formulating and manufacturing our cleaning products, our goal is to create products that are environmentally friendly. Our ALL IN ONE Interior Aircraft Cleaner is ozone friendly and has been developed as an effective alternative to the more commonly used harsh chemical cleaners. We are also in the process of improving our skincare line by removing parabens and sulfates from our formulas. The US office is now ISO 9001 Quality Management and ISO 14001 Environmental Management certified.

RECYCLABLE PLASTICS

We strive to offer the best quality products to our customers and their passengers. We are moving towards having all of our skincare plastics made from PET. Freshorize is dedicated to using safe materials in our products and the switch to PET plastic provides a safe, non-toxic, strong and flexible material that is 100% recyclable.

PHILANTHROPIC EFFORTS

Building community relationships is important to us. We have established a partnership with Clean the World. Clean the World is an Orlando, FL based company that recycles and re-purposes hygiene products for homeless populations, disaster relief recipients, and third world countries. Freshorize donated cleaning products for use in an orphanage in Haiti. We also were a sponsor for the Hike Across America event, a Clean the World event bringing awareness to Veteran suicide.

TESTIMONIALS

"I am a pilot for the Airlines, who recently started using your hand soap product on board our aircraft. I have never seen a product that makes the lavatories smell so good! I was hoping that you sell the same product for personal use. Thank you!

- 2018 Airline Pilot

"I was recently on a flight and was incredibly impressed by the air freshener in the lav; I think it was the first time I have been on a flight where the lav smelled better than the rest of the plane and it was in a refreshing, light way, not an overbearing heavy scent. I am very interested in the air freshener for our company and was wondering if Freshorize is available for small scale purchase?
